Adamas university promotes and drives to ensure equal environment for disable persons. The inclusive and even opportunity for all is one of the major pillar of the institute. The institutional initiatives for improved disabled-free environment are myriad. Here we look into the ramp and lift facilities in the built environment for easy access to classrooms.

Details

Ramps facilities are developed and and lifts are installed in buildings for easy and equal access to classrooms for the disabled persons. All these facilities provide chances of better inclusion of all groups of students within the class.
